School Model

Denton Calvary Academy is based on the academic model known as University-Model Schooling® (UMS). University-Model schooling was developed as a means of acquiring a high-quality education that helps disciple Christian young people while strengthening the home. This goal is accomplished by offering an academically sound education in a structure that integrates the home and the school in the common enterprise of educating the student both in academics and character. In a UMS setting, students attend classes three days each week. When students are not in class, they complete work assigned for their home-instruction days under the supervision of their parents. The role of the parents during this time ranges from co-instructor/tutor to monitor of independent study.

DCA High School Enrollment

| Year | 11-12 | 12-13 | 13-14 | 14-15 | 15-16 | 16-17 |

96 class periods in one school year
 48 class periods in each semester
 24 class periods in each quarter
 55 minutes in each class period

Transfer Credit Policy

Denton Calvary Academy allows students to transfer coursework in from outside the school for credit. Students are limited to one transfer course per year while enrolled in DCA. Transfer courses must be approved by the Academic Committee and taken from an accredited institution. Credit for these courses is accepted to meet graduation requirements, but DCA is not in a position to validate this course for any other educational institution. Grades from these courses are reported on the transcript and calculated into the student's GPA.

Dual Credit Coursework

Students in their junior and senior year and on a track to graduate may request to take up to two courses by dual credit. Currently, North Central Texas College, Texas Woman's University and University of North Texas are the approved institutions for dual credit. Students may take only approved equivalent courses to those required at DCA. It is the student's responsibility to fulfill all prerequisites set forth by the college for enrollment (testing, prior coursework, academic standing, etc.). Grades from these courses are reported on the transcript and calculated into the student's GPA.

Accreditation

Having met the requirements established by the AdvancED® Accreditation Commission and Board of Trustees, Denton Calvary Academy is accredited by the Southern Association of Colleges and Schools (SACS-CASI).
